

CREATE A ONE-OF-A-KIND BEAD MOSAIC

*(using your own design and
your bead stash)*

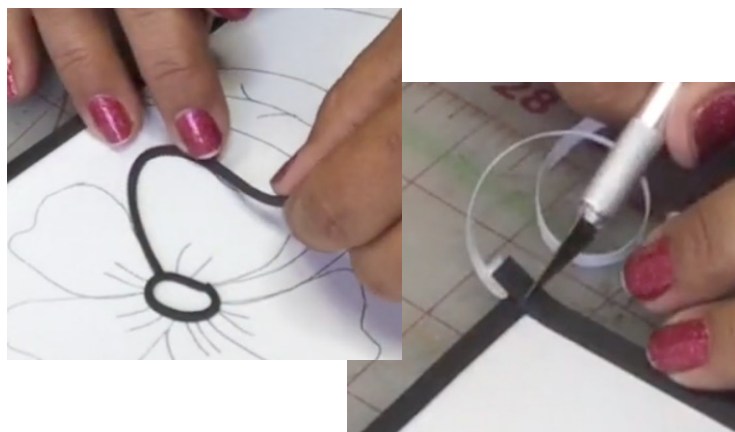

HAVE IDEAS BUT DON'T KNOW HOW TO GET STARTED?

How exciting! This kit makes it so easy! Use all your favorite beads to create a custom one-of a kind bead mosaic. This special DIY Kit contains everything you need tools, materials and helpful video tutorials to get you started! Just supply your own idea and beads, then use the carbon paper and stylus to trace your design onto the board. Using the tools included begin creating your masterpiece. The video tutorial has so many options and ideas to help you make your design come to life.

STEP 1 Start with drawing your own design on the board.

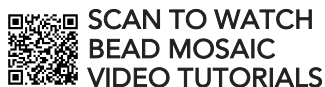

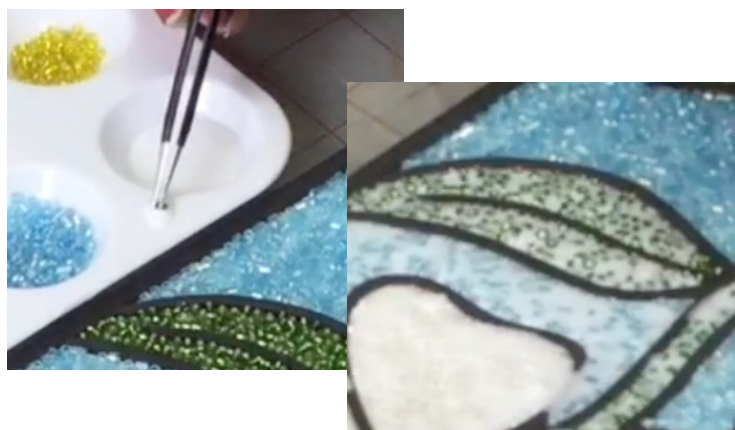

STEP 2 Add Art Edge strips around the design.

STEP 3 Add the beads and then pour the glue over them.

STEP 4 Once dry, complete touch-up and final glueing.
